

# Developing Resources to Support Others

We have developed a range of toolkits to assist organisations in initiating constructive dialogues around diversity and inclusion and take practical steps to create a culture that supports wellbeing.

## The Importance of Inclusion

We have put together a [toolkit](#) to support organisations in reinforcing the importance of wellbeing and a culture of belonging during these uncertain times.

## Tackling Domestic Violence

We believe everyone has the right to live free from fear and abuse. We hope our [toolkit](#) will help other organisations who are looking to develop their support in tackling domestic violence and abuse.

## Conversations on Race

We are committed to creating an environment where all employees are able to fulfil their potential. We have developed this [toolkit](#) to assist organisations in initiating conversations on race and to create cultures of inclusivity.

## Transgender Inclusion

To support other organisations create LGBT+ inclusion, we have developed a [toolkit](#) supporting gender transition and inclusion in the workplace.

## How to be an Ally

We believe all colleagues have a part to play in creating an inclusive environment, this [toolkit](#) on 'How to be an ally' will support you to help others to feel included.

## Disability Confidence

To support organisations identify best practice, we have launched our [Disability Confident](#) toolkit to provide practical guidance to advance towards disability inclusion.
